Chapter A

Board of Directors' Report on the state of the Company's Affairs

ADAMA

ADAMA Agricultural Solutions Ltd.

Board of Directors' Report for the Quarter Ended March 31, 2026

This Report is limited in scope and should be reviewed together with the 2025 Periodic Report, published on March 27, 2026 (Ref: 2026-01-028506)
(the "**2025 Periodic Report**")

Performance in Context of General Crop Protection (CP) Market Environment[1]

Recent geopolitical developments are introducing market volatilities that could prove either transitory or structural as events unfold, with higher oil prices posing a potential inflationary pressure on the market and potentially pressuring farmer profitability.

While channel demand has rebounded in 2025 and inventory levels have largely returned to pre-pandemic norms, in the first quarter of 2026 pricing pressures remain elevated due to persistent oversupply and production over-capacity of active ingredients. Crop commodity prices are stabilizing at relatively low levels but remain sensitive to geopolitical risks, limiting upside for farmer income. As a result, ongoing pressure on farmer profitability continues to drive just-in-time purchasing behavior, even as volumes normalize across most markets, after growth achieved in the market in 2025.

Geopolitical Situation

ADAMA is a global company with manufacturing and formulation facilities in several locations around the world, principally in Israel, China and Brazil. It is headquartered and has three manufacturing sites in Israel. Despite regional tensions that have escalated more recently on February 28, 2026, the Company's Israeli production sites and supply chain, including ports, continued to operate without significant delays allowing the Company to support its markets, and ongoing activities.

During March and early April 2026, the Company's Neot Hovav site suffered limited and localized damages caused by falling debris following missile interceptions in the southern region of Israel. No bodily injuries were reported, and an immediate safety-driven closure of the facilities was carried out, followed by a phased shutdown, also for safety reasons. The Company initiated comprehensive damage assessments. The direct damage to its core production facilities was not meaningful and was primarily limited to a finished goods warehouse, certain ancillary equipment and systems, and an open storage area. Thereafter, the Company undertook certain restoration activities, and as of the date of this report, Neot Hovav site has mostly returned to normal operational status with the remaining facilities undergoing a safe and orderly repair process, expected to be completed within the next few weeks, with full restoration to optimal production capacity anticipated soon thereafter. The Company currently expects the overall impact of these occurrences to be non-material.

ADAMA's global production operations have continued largely uninterrupted, except for the abovementioned occurrences, with no material impact expected on production or business continuity.

For further details, refer to the Company's immediate reports dated March 30, 2026 (ref: 2026-01-029278) and April 6, 2026 (ref: 2026-01-032036).

[1] Sources: AgbioInvestor Crop protection 2025 Summary and 2026 outlook (November 2025), peer quarterly financial results, internal sources.

Additionally, in respect to changes in global tariff policies, the Company's management appointed a dedicated task force to analyze implications of global tariff policies on ADAMA and its sector, and to closely monitor and manage the situation and the potential impact on ADAMA's global network. Despite the uncertainty regarding changes to trade and tariff policies around the world, the Company currently expects that the impact on its operations and business results will continue to be immaterial.

ADAMA's Strategy Execution

In 2026 ADAMA entered the next phase of its strategy execution, building on the achievements of the Fight Forward program. With a stronger cost base, better operational efficiency, and enhanced capabilities, the Company is now focused on driving profitable top-line growth while continuing to improve business quality. ADAMA aims to deliver this by strengthening commercial capabilities, accelerating differentiated innovation, improving portfolio quality, and shaping a tighter and competitive global supply and manufacturing network.

The Company's assessments with regard to changes in demand for crop protection products, the impact of the geopolitical situation, the expected impact of the Neot Hovav events on the Company's business, the Company's ability to support its markets and on the Company's business results, potential impacts of tariff policies on the Company's operations, and the Company's Strategy Execution are forward looking statements, as defined in the Securities Law, 1968. Such assessments are based on the information available to the Company as of the date hereof and may not be realized or be realized in a different manner than the Company estimates, inter alia, due to factors that are not in the Company's control.

Relevant income statement items contained in this report are also presented on an "adjusted" basis, which exclude items that are of a transitory or non-cash/non-operational nature that do not impact the ongoing performance of the business, and reflect the way the Company's management and the Board of Directors view the performance of the Company internally. The Company believes that excluding the effects of these items from its operating results allows management and bondholders to effectively compare the true underlying financial performance of its business from period to period and against its global peers. A detailed summary of these adjustments appears in Appendix A below.

[2] CER - Constant Exchange Rates

Analysis of the Company's Results

Revenues

Revenues in the first quarter increased by approximately 8% (3% in CER terms) to $950 million, reflecting 7% increase in volumes and positive foreign exchange impacts, partially offset by 4% decrease in prices.

In the first quarter, sales increased reflecting higher volumes and improved demand in the market, supported by new product introductions, while the Company reduced the manufacturing and sale of certain basic chemicals and low-margin products. Lower prices reflected the overall lower market pricing and weaker farmer purchasing power.

Revenue distribution by region

Region	Q1 2026 In Million USD	Q1 2025 In Million USD	% Change in USD	% Change in CER[2]
Europe, Africa & Middle East (EAME)	405	355	14.2%	5.2%
of which, Israel	*34*	*30*	*14.6%*	*-0.6%*
North America	236	216	9.4%	8.8%
Latin America	144	147	-2.1%	-7.3%
Asia-Pacific[3]	165	159	3.6%	2.3%
Total	**950**	**877**	**8.4%**	**3.5%**

In the table above, numbers may not sum due to rounding.

Noteworthy trends and developments in the various geographies affecting the Company's activities

Europe, Africa & Middle East (EAME)

Strong growth in sales led by higher volumes in Europe building on the momentum gained in the close out to 2025. Higher sales were achieved following good market positioning in an overall positive market, mainly in off-patent products, and despite varied weather conditions and intense market competition.

North America

In the North America **Ag** market, higher sales volume in the first quarter was supported by good market positioning in a price sensitive market with positive momentum on product launches and pre-seed presence despite pressured farmer profitability and high competition in commodity products. In **Consumer & Professional Solutions** in the first quarter on the Consumer side sales increased supported by favorable spring weather, and low retailer inventories. On the Professional side, sales were impacted by just-in-time purchasing patterns and lower pricing mainly in commoditized products.

Latin America

In **Brazil**, sales were slightly lower reflecting a major decline in market pricing against the backdrop of lower farmer profitability and high competition in all segments and especially in commodity products. The lower pricing was mostly offset by an increase in volumes due to seizing market opportunities and experiencing good Soybean and the Winter Corn seasons.

In the **rest of LATAM** sales in the first quarter were lower than prior year, driven primarily by a decline in market pricing against the backdrop of lower farmer profitability and

oversupply in the market.

Asia Pacific

The sales in India increased in the first quarter supported by favorable weather conditions. In the rest of APAC (excluding India and China), sales in the first quarter were impacted by just-in-time purchasing patterns despite favorable weather as well as lower pricing and high competition in commoditized products.

During the first quarter, the Company continued to advance the development of its differentiated product portfolio, obtaining multiple new product registrations and launching several new products.

Gross profit

Reported gross profit in the first quarter reached $285 million (gross margin of 30.0%) compared to $264 million (gross margin of 30.1%) in the same quarter last year.

Adjusted gross profit in the first quarter reached $287 million (gross margin of 30.2%) compared to $265 million (gross margin of 30.2%) in the same quarter last year.

Gross profit improved in the first quarter, mainly reflecting favorable foreign exchange impacts as well as higher sales and improved quality of the business, more than compensating for lower prices and cost increase.

Operating expenses

Total reported operating expenses in the first quarter were $189 million (19.9% of sales), compared to $207 million (23.6% of sales) in the same quarter last year.

Adjustments to reported results: The Company recorded certain non-operational items within its reported operating expenses, amounting to an income of $25 million in the first quarter in comparison to an expense of $20 million in Q1 2025. These include mainly non-cash amortization charges in respect of Transfer Assets received from Syngenta related to the 2017 ChemChina-Syngenta acquisition; charges related to the non-cash amortization of intangible assets created as part of the Purchase Price Allocation (PPA) on acquisitions, with no impact on the ongoing performance of the companies acquired; capital gain from sale of a subsidiary's logistics center in Israel and restructuring and advisory costs incurred as part of the implementation of the Fight Forward transformation plan. For further details on these non-operational charges, please see Appendix A to this report.

Excluding the impact of the abovementioned non-operational charges, adjusted operating expenses in the first quarter were $214 million (22.5% of sales), compared to $188 million (21.4% of sales), in the corresponding period last year.

The operating expenses were higher in the first quarter reflecting the negative impact of exchange rates, an increase in employee compensation and an increase in expenses supporting sales growth.

Financing expenses

Total net financial expenses were $43 million in the first quarter, compared to $52 million in the same quarter last year. The lower financial expenses in the first quarter mainly reflected the favorable CPI as well as the better debt structure and despite higher hedging costs

related to foreign exchange. The Israeli CPI impact on the ILS-denominated, CPI-linked bonds resulted in income of $3 million in the quarter (net of hedging)[3].

Taxation

The Company reported net tax income of $22 million in the quarter, compared to net tax expenses of $4 million in the corresponding period last year.

The adjusted net tax expenses were $21 million in the quarter, compared to net tax expenses of $3 million in the corresponding period last year.

The tax income in the first quarter of 2026 was higher compared to the first quarter of 2025 mainly due to higher tax income, recognized according to the accounting method of calculation of tax assets related to unrealized profits.

Revenue distribution by operating segment

Operating Segment	Q1 2026 in Million USD	%	Q1 2025 in Million USD	%	Change in Million USD	Change %
Crop protection	912	96.0%	838	95.6%	74	8.8%
Intermediates and Ingredients	38	4.0%	39	4.4%	-1	-1.6%
Total	**950**	**100%**	**877**	**100%**	**73**	**8%**

[3] For details, see Section 25 “Financing and Credit” of Chapter A to the 2025 Periodic Report. For information concerning CPI and foreign currency exposure, see Note 30 to the Company’s financial statements included in the 2025 Periodic Report.

Financial Condition and Liquidity

Trade working capital

Trade working capital on March 31, 2026, was $2,006 million, compared to $1,985 million at the same point last year. The increase in working capital was due to higher receivables which reflected sales growth and an increase in the inventory level, in preparation to capture momentum as the market recovers and to provide business continuity during the merging of entities in Israel, compensated by higher payables as a result an increase in procurement.

Cash flow and investment in fixed assets

Operating cash flow of $166 million was consumed in the quarter, compared to $55 million consumed in the corresponding period last year. The negative operating cash flow, which is seasonally typical for ADAMA in the first quarter, reflected lower collections due to timing differences.

Net cash generated in investing activities was $26 million in the first quarter, compared to $33 million consumed in the corresponding period last year. The Company continued the execution of its strategy to prioritize the most critical investments in infrastructure, portfolio and innovation while optimizing existing assets to enable new growth projects, leading to the sale of a subsidiary's logistic center in Israel, resulting in proceeds from the sale of this real estate asset.

Investments in fixed assets, net of investment grants, amounted to $19 million in the first quarter and in the corresponding period last year.

Free cash flow of $140 million was consumed in the first quarter, compared to $89 million consumed in the corresponding period last year, reflecting the aforementioned operating and investing cash flow dynamics.

Current assets

Total current assets as of March 31, 2026, amounted to $3,605 million compared to $3,589 million as of March 31, 2025.

Cash, current liabilities and long-term loans

The Company's total financial liabilities include credit from banks and others, as well as the series B debentures (in this report: "**Financial Liabilities**"), were $2,184 million as of March 31, 2026 (of which 64.2% was short-term), compared to $2,270 million (of which 39.3% was short-term) as of March 31, 2025.

	March 31, 2026 in Million USD	December 31, 2025 in Million USD	Effective Interest Rate as of March 31, 2026
Short-term loans and credit from banks and commercial papers	395	325	5.34%
Short-term loans from related parties[4]	490	490	4.65%
Long-term loans from banks (including current maturities)	187	202	3.59%
Long-term loans from related parties[5] (including current maturities)	340	336	2.42%
Debentures (ILS denominated) (including current maturities)	771	766	5.15%+CPI [5]
Total	**2,184**	**2,118**	

As of March 31, 2026, the Company has unused committed credit lines from banks of approximately $462 million, and of $260 million from related parties.

The Company's balances of cash and short-term investments as of March 31, 2026, were $396 million, compared to $475 million as of March 31, 2025.

The Company's net debt, including credit, the impact of hedging transactions attributed to debt, and net of cash and short-term investments, was $1,800 million as of March 31, 2026, compared to $1,821 million as of March 31, 2025.

[4] The credit facilities and loans from related parties are subordinated to other liabilities of the Company.
[5] Not including hedging costs.

Financial covenants

The financial covenants of the Company's bank financing documents and its Receivables Financing Facility Program are:

In USD Million

	Net Debt/Equity	Net Debt/EBITDA	Equity	Retained Earnings
Financial Covenants - Bank Credit	1.25x	4.0x	1,220	700
Financial Covenants - Receivables Facility	1.25x	4.0x		
Compliance of the Company with Financial Covenants as of March 31, 2026	0.6x	2.1x	1,731	1,339

As of March 31, 2026, and on the date of publication of this report, the Company complied with the financial covenants included in its financing documents and the Receivables Financing Facility Program.[6]

Shareholders' equity

The Company's shareholders' equity was $1,731 million as of March 31, 2026, compared to $1,801 million as of March 31, 2025. Equity as a proportion of total assets was 29.1% as of March 31, 2026, 30.1% as of March 31, 2025, and 28.8% as of December 31, 2025.

The Company's issued and paid-up share capital for March 31, 2026, is 137,990,881 ordinary shares of NIS 3.12 par value each.

Financial ratios

As of:	March 31, 2026	March 31, 2025
Ratio of current assets to current liabilities (current ratio)	1.13	1.40
Ratio of current assets, excluding inventory, to current liabilities (quick ratio)	0.64	0.81
Ratio of Financial Liabilities to total balance sheet, gross	36.7%	37.9%
Ratio of Financial Liabilities to total equity, gross	126.1%	126.0%

Financing sources

The Company finances its business operations from its own equity and external funding sources.[7]

Warning signs

The Company has an ongoing positive cash flow from operating activities, and therefore, as of the date of this report, the Company has no warning signs.

For information about the debentures held by the public at the reporting date, see Appendix B.

6 The calculation of the covenant Net Debt/EBITDA is based on the twelve months ended on the date of the financial statements. For more information about the Financial Covenants and additional limitations that apply to the Company pursuant to the provisions of the financing agreements and the Receivables Financing Facility Program, see Section 25 in Chapter A of the 2025 Periodic Report, and Note 20 to the financial statements as of December 31, 2025.

7 For details, see Section 25, “Financing and Credit”, and Section 24 “Working Capital” of Chapter A of the 2025 Periodic Report.

The Company has elected not to include the Separate Financial Data Report of the Company as of the period ending December 31, 2022, in accordance with Regulation 9C and 38D of the Securities Regulations (Periodic and Immediate Reports), 1970, since according to the Company's assessment, the Separate Financial Data Report does not contain any material information to that included in the annual or the quarterly Consolidated Financial Statements Report.

Appendixes

Appendix A - Income Statement Adjustments

In Million USD

Adjustments Period	Q1 2026	Q1 2025
Net Income (as Reported)	**76.5**	**9.1**
Adjustments to COGS & Operating Expenses:		
1. Amortization of transfer assets received and written-up due to 2017 ChemChina-Syngenta transaction (non-cash)	5.6	5.4
2. Incentive plans (non-cash)	-	-1.4
3. Amortization of acquisition-related PPA (non-cash), other acquisition-related costs	2.5	2.5
4. Restructuring and advisory costs	3.2	13.4
5. Capital gain from sale of a subsidiary's logistics center in Israel	-36.5	-
6. Other	1.7	0.6
Total Adjustments to Operating Income (EBIT)	**-23.5**	**20.5**
Total Adjustments to EBITDA	**-33.0**	**12.3**
Other financing expenses	**-**	**-**
Total Adjustments to Income before taxes	**-23.5**	**20.5**
Adjustments to Taxes:		
Taxes impact	**-0.6**	**-0.4**
Total adjustments to Net Income	**-24.1**	**20.1**
Net Income (Adjusted)	**52.4**	**29.2**

In the table above, numbers may not sum due to rounding.

Notes:

1. **Amortization of transfer assets received and written-up due to the 2017 ChemChina-Syngenta transaction (non-cash):** The proceeds from the divestment of crop protection products in connection with the approval by the EU Commission of the acquisition of Syngenta by ChemChina, net of taxes and transaction expenses, were paid to Syngenta in return for the transfer of a portfolio of products in Europe of similar nature and economic value. Since the products acquired from Syngenta are of the same nature and with the same net economic value as those divested, and since in 2018 the Company adjusted for the one-time gain that it made on the divested products, the additional amortization charge incurred due to the written-up of the acquired assets is also adjusted to present a consistent view of divestment and transfer transactions, which had no net impact on the underlying economic performance of the Company. These additional amortization charges will continue until 2032 but at a reducing rate, yet will still be at a meaningful level until 2028.
2. **Incentive plans (non-cash):** The Company granted its employees a long-term incentive (LTI) in the form of 'phantom' options, based on the mother company's share, due to the complexity of granting Chinese-listed, equity-settled options to non-Chinese employees. As such, the Company records an expense, or recognizes income, depending on the fluctuation in the Parent Company's share price, even though the Company will not incur any cash impact prior to exercise of the phantom options. To neutralize the impact of such share price movements on the measurement of the Company's performance and expected employee compensation and to reflect the existing phantom options, in the Company's adjusted financial performance, the LTI is presented on an equity-settled basis in accordance with the value of the existing plan at the grant date.
3. **Amortization of acquisition-related PPA (non-cash), other acquisition-related costs:** Related mainly to the non-cash amortization of intangible assets created as part of the Purchase Price Allocation (PPA) on acquisitions with no impact on the ongoing performance of the company acquired, while the related tax expense is also adjusted for, as well as other M&A-related costs.
4. **Restructuring and advisory costs**: The Company initiated its Fight Forward transformation plan in early 2024. Part of the plan includes restructuring its organizational structure, workforce and managerial processes, and as a result thereof, the Company recorded restructuring and advisory costs.
5. **Capital gain from sale of a subsidiary's logistics center in Israel**: A subsidiary of the Company sold a logistic center in Israel as part of optimizing its asset base and received capital gain.
6. **Other:** Mainly attributable to accelerated depreciation associated with operational efficiency improvement project.

Review Report
To the Shareholders of Adama Agricultural Solutions Ltd

Introduction

We have reviewed the accompanying financial information of Adama Agricultural Solutions Ltd. and its subsidiaries (hereinafter – "the Group") comprising of the condensed consolidated interim statement of financial position as of March 31, 2026 and the related condensed consolidated interim statements of income, comprehensive income, changes in equity and cash flows for the three-month period then ended. The Board of Directors and Management are responsible for the preparation and presentation of this interim financial information in accordance with IAS 34 "Interim Financial Reporting", and are also responsible for the preparation of financial information for this interim period in accordance with Section D of the Securities Regulations (Periodic and Immediate Reports), 1970. Our responsibility is to express a conclusion on this interim financial information based on our review.

Scope of Review

We conducted our review in accordance with Standard on Review Engagements (Israel) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" of the Institute of Certified Public Accountants in Israel. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards in Israel and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying financial information was not prepared, in all material respects, in accordance with IAS 34.

In addition to that mentioned in the previous paragraph, based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information does not comply, in all material respects, with the disclosure requirements of Section D of the Securities Regulations (Periodic and Immediate Reports), 1970.

Note 1 - Description of the Company and its Activities

A. Adama Agricultural Solutions Ltd. (hereinafter - "the Company") is an Israel-resident company incorporated in Israel located at Golan Street in Airport City Park. The condensed consolidated financial statements of the Company as at March 31, 2026 include those of the Company and its subsidiaries (hereinafter together - "the Group") as well as the Company's rights in an associated company and in joint ventures. The Group operates in Israel and abroad and is engaged in the development, manufacture and commercialization of crop protection products, as well as intermediate materials for other industries, food additives and synthetic aromatic products, primarily for export.

As of March 31, 2026, the Company is 100% held by ADAMA Ltd. The Company is a reporting entity.

B. Sales of crop protection products are directly dependent on the agricultural seasons and crop cycles. Therefore, the Company's income is not split equally over the year, and accordingly there are variations between the first and second halves of the year. Countries in the Northern Hemisphere are characterized by similar generally timing of agricultural seasons, with these countries usually having their highest sales in the first half of the calendar year, whereas the agricultural season is the opposite in the Southern Hemisphere (except to some extent in Australia), where most sales occur in the second half of the year.
The Company believes that the Group's global activity and the diversification across the markets in which it operates mitigates to a large extent the inherent seasonality in the business.

Note 2 - Basis for Preparation of Financial Statements

A. Declaration of compliance with IFRS Accounting Standards (IFRS):

These condensed consolidated interim financial statements have been prepared in accordance with IAS 34 –*Interim Financial Reporting* and do not include all the information required for full annual financial statements. They should be read in conjunction with the financial statements as at and for the year ended December 31, 2025 (hereinafter – "the Annual Financial Statements"). Furthermore, these financial statements have been prepared in accordance with the Section D of the Securities Regulations (Periodic and Immediate Reports), 1970.

The condensed consolidated interim financial statements were authorized for issue by the Group's Board of Directors on April 28, 2026.

B. Use of estimates and judgment:

When preparing the condensed consolidated interim financial statements in conformance with IFRS, Company management is required to use judgment when making assessments, estimates and assumptions that affect the implementation of the policies and amounts of assets and liabilities, revenues and expenses. It is clarified that the actual results are likely to be different than these estimates.

Management's judgment when applying the Group's accounting policies and the key assumptions used in estimates that involve uncertainty are consistent with those used in the Annual Financial Statements.

Note 3 - Significant Accounting Policies

The accounting policies applied by the Group in these condensed consolidated interim financial statements are the same as those applied by the Group in its annual financial statements.

Note 4 - Operating Segments

A. Products and services:

The Company presents its segment reporting according to a format based on a breakdown by business segments:

Crop Protection (Agro):

This is the main area of the Company's operations and includes the manufacture and marketing of conventional agrochemical products.

Intermediates and ingredients:

This field of activity includes a large number of sub-fields, including: Lycopene (an oxidization retardant), aromatic products, and other chemicals. It combines all the Company's activities not included in the agro-products segment.

Segment results reported to the chief operating decision maker include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly financing expenses, net.

Information regarding the results of each reportable segment is included below:

Share of income of equity-accounted investee companies, net				1,349
Taxes expenses				(47,707)
Loss for the year attributable to the owners of the Company				(140,368)

Note 4 - Operating Segments (Cont.)

B. Sales distribution by geographic regions

Below is a breakdown of sales by geographical segments based on location of customers (sales target - $ thousands).

Item	For the Three-month period ended March 31 2026 (Unaudited)	For the Three-month period ended March 31 2025 (Unaudited)	For the Year ended December 31 2025 (Audited)
Europe, Africa & Middle East	371,231	325,180	1,006,175
Asia Pacific	165,031	159,277	597,985
Latin America	143,967	146,994	1,006,375
North America	235,787	215,548	933,549
Israel	33,928	29,593	116,041
Total	949,944	876,592	3,660,125

Note 5 - Financial Instruments

Fair value:

The fair value of forward contracts on foreign currency is based on their listed market price, if available. In the absence of market prices, the fair value is estimated based on the discounted difference between the stated forward price in the contract and the current forward price for the residual period until redemption, using an appropriate interest rate.

The fair value of foreign currency options is based on bank quotes. The reasonableness of the quotes is evaluated through discounting future cash flow estimates, based on the conditions and duration to maturity of each contract, using the market interest rates of a similar instrument at the measurement date and in accordance with the Black & Scholes model.

(1) Financial instruments measured at fair value for disclosure purposes only:

The carrying amount of certain financial assets and liabilities, including cash and cash equivalents, trade receivables, other receivables, other short-term investments, derivatives, bank overdrafts, short-term loans and credit, trade payables and other payables, are the same or proximate to their fair value.

The following table details the carrying amount in the books and fair value of groups of non-current financial instruments presented in the financial statements not in accordance with their fair value ($ thousands):

Item	March 31, 2026 Carrying value Unaudited	March 31, 2026 Fair value Unaudited	March 31, 2025 Carrying value Unaudited	March 31, 2025 Fair value Unaudited	December 31, 2025 Carrying value Audited	December 31, 2025 Fair value Audited
Financial assets:						
Long-term loans and other receivables (a)	3,624	2,716	5,648	4,954	2,170	1,694
Financial liabilities:						
Long-term loans and other liabilities (b)	669,307	654,909	767,278	730,274	689,973	675,082
Debentures (c)	771,114	845,813	943,372	991,074	765,916	839,668

(a) The fair value of the long-term loans granted is based on a calculation of the present value of cash flows, using the acceptable interest rate for similar loans having similar characteristics (Level 2).

(b) The fair value of the long-term liabilities is based on a calculation of the present value of cash flows, using the acceptable interest rate for similar liabilities having similar characteristics (Level 2).

(c) The fair value of the debentures is based on stock exchange quotes (Level 1).

Note 5 - Financial Instruments (cont.)

(2) Fair value hierarchy of financial instruments measured at fair value:

The table below presents an analysis of financial instruments measured at fair value, measured by valuation method. The various levels have been defined as follows:

- Level 1: Quoted prices (unadjusted) in an active market for identical instruments.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable, either directly or indirectly.
- Level 3: Inputs that is not based on observable market data (unobservable inputs).

The Company's financial instruments carried at fair value are evaluated by observable inputs and therefore are concurrent with the definition of Level 2.

Item	March 31 2026 (Unaudited)	March 31 2025 (Unaudited)	December 31 2025 (Audited)
Derivatives used for hedging the cash flow:			
Forward contracts and options	6,296	(3,928)	1,598
Derivatives used for economic hedging:			
Forward contracts and options	(11,694)	(47,410)	35,364
Short term investment	173	176	174
Long term investment	14,714	17,861	14,696

Note 6 - Additional Information

A. ADAMA is a global company with manufacturing and formulation facilities in several locations around the world, principally in Israel, China and Brazil. It is headquartered and has three manufacturing sites in Israel. Despite regional tensions that have escalated more recently on February 28, 2026, the Company's Israeli production sites and supply chain, including ports, continued to operate without significant delays allowing the Company to support its markets, and ongoing activities.

B. On March 29, 2026 the Company's Neot Hovav site suffered limited and localized damages caused by falling debris following missile interceptions in the southern region of Israel. The direct damage to its core production facilities was not meaningful and was primarily limited to a finished goods warehouse, certain ancillary equipment and systems, and an open storage area. In connection with the foregoing, the Company engaged an external appraiser to assess the nature and extent of the damages, as well as the amount of compensation expected to be received from the Israeli authorities. Accordingly, the Company recognized an inventory impairment, classified as other expenses, with a corresponding accrued income reflecting the expected compensation, classified as other income.

Subsequent to the reporting date, on April 4, 2026, the Company's Neot Hovav site suffered an additional limited and localized damages caused by falling debris following missile interceptions, under circumstances and with consequences similar to those described above.

Note 6 - Additional Information (Cont.)

Following these occurrences, respectively, the Company undertook certain restoration activities, and as of the date of this report, Neot Hovav site has mostly returned to normal operational status with the remaining facilities undergoing a safe and orderly repair process, expected to be completed within the next few weeks.

The Company currently expects the overall impact of these occurrences to be non-material.

ADAMA's global production operations have continued largely uninterrupted, except for the abovementioned occurrences, with no material impact expected on production or business continuity.

C. During the first quarter of 2026, a wholly owned subsidiary of the Company completed the sale of its logistics center in Israel. The asset is being leased back for the first two years following closing. The total consideration is approximately USD 49 million, with a capital gain of approximately USD 36.5 million.

Chapter C

Report Regarding the Effectiveness of the Internal Auditing of Financial Reporting and Disclosure

Periodic report regarding the effectiveness of the internal auditing of financial reporting and disclosure according to Regulation 38C(a):

The Management, under the supervision of the Board of Directors of ADAMA Agricultural Solutions Ltd. (hereafter: the "**Corporation**") is responsible for determining and maintaining appropriate internal auditing of financial reporting and of disclosure in the Corporation.

In this matter, the members of the Management are the following:

- Gael Hili, President and CEO
- Efrat Nagar, EVP, CFO
- Elad Shabtai, EVP, Formulation Supply
- Bruce Morris, EVP, AI Production
- Florian Wagner, EVP, Portfolio & Innovation
- Eric Dereudre, EVP, CCO

The internal auditing of financial reporting and disclosure includes the existing controls and procedures in the Corporation, which were designed by the Chief Executive Officer and the senior corporate financial officer or under their supervision, or by the individual who in practice executes these functions, under the supervision of the Corporation's Board of Directors and which are intended to provide a reasonable confidence regarding the reliability of financial reporting and preparation of the reports according to the instructions of the law, and to ensure that the information the Corporation is required to disclose in the reports that it publishes according to the instructions of the law is collected, processed, summarized and reported on the dates and in the format dictated by law.

The internal auditing includes, inter alia, audits and procedures that were designated to ensure that said information the Corporation is required to disclose was accumulated and submitted to the Corporation's Management, including the Chief Executive Officer and the senior corporate financial officer or the individual who in practice fulfills these functions, so as to facilitate decision making at the appropriate time, with regard to the disclosure requirements.

Due to its structural constraints, internal auditing of financial reporting and disclosure is not intended to fully guarantee that a biased presentation or the omission of information in the reports will be avoided or discovered.

In the annual report on the effectiveness of the internal auditing of the financial reports and disclosure which was attached to the periodic report for the period ended on December 31, 2025 (hereinafter: the "**Last Annual Report on Internal Auditing**"), the Board of Directors and the Management of the Corporation have assessed the internal auditing of the Corporation. Based on such assessment, the Board of Directors and the Management of the Corporation have concluded that the internal auditing as of December 31, 2025 was found to be effective.

Up to the date of the report, the Board of Directors and the Management were not made aware of any event or matter that would have changed their assessment of the effectiveness of internal auditing, as it was presented in the Last Annual Report on Internal Auditing.

As of the date of the report and based on the assessment of the effectiveness of the internal auditing in the Last Annual Report on Internal Auditing and on the information brought to the attention of the Management and the Board of Directors as mentioned above, the internal auditing is effective.

Officers' Certification

Certification of CEO according to Regulation 38C(d)(1)

I, Gael Hili, affirm that:

1. I have reviewed the quarterly reports of ADAMA Agricultural Solutions Ltd. (hereinafter: the "**Corporation**") for the first quarter of 2026 (hereinafter: the "**Reports**").
2. Based on my knowledge, the Reports do not contain any untrue statement of a material fact or omit a material fact necessary in order to make the statements made therein, in light of the circumstances under which such statements were made, misleading with respect to the period covered by the Reports.
3. Based on my knowledge, the financial statements and other financial information included in the Reports, fairly present in all material respects, the financial condition, results of operations and cash flows of the Corporation as of the dates and for the periods presented in the reports.
4. Based on my most recent evaluation regarding internal control over financial reporting and disclosure, I have disclosed to the Corporation's Auditors, Board of Directors and the Corporation's Audit Committee and Financial Statements Committee:
   a. All significant deficiencies and material weaknesses in the establishment or operation of internal control over financial reporting and disclosure, which may reasonably adversely affect the Corporation's ability to collect, process, summarize or report financial data so as to cast doubt on the reliability of financial report and the preparation of financial statements in accordance with law; and -
   b. Any fraud, whether or not material, that involves the CEO or anyone directly subordinated to the CEO or that involves other employees who have a significant role in internal control over financial reporting and disclosure.
5. I, alone or together with others in the Corporation, state that:
   a. Have established such controls and procedures, or I have confirmed the establishment and existence of such controls and procedures to under my supervision, so as to ensure that material information relating to the Corporation, including its consolidated corporations as defined in the Securities Regulations (Annual Financial Statements) 5770-2010, is made known to me by others in the Corporation and the consolidated corporations, particularly during the course of the period wherein the Reports are being prepared; and
   b. Have established such controls and procedures, or I have confirmed the establishing and existence of such controls and procedures under my supervision, so as to ensure reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with the law, including in accordance with generally accepted accounting principles; and
   c. No event or matter which occurred during the period between the date of the last report (quarterly or periodic, as the case may be) and the date of this report has been brought to my attention that would change the conclusion of the Board of Directors and the Management with respect to the effectiveness of the internal auditing of the Corporation's financial reporting and disclosure.

Nothing in the aforesaid derogates from my responsibility or from the responsibility of any other individual under the law.

Date: 28.4.2026

Gael Hili
President and CEO

Officers' Certification

Certification of Chief Financial Officer according to Regulation 38C(d)(2)

I, Efrat Nagar, affirm that:

1. I have reviewed the interim financial statements and other financial information included in the interim period reports of ADAMA Agricultural Solutions Ltd. (hereinafter: the "**Corporation**") for the first quarter of 2026 (hereinafter: the "**Reports**" or the "**Interim Period Reports**").
2. Based on my knowledge, the interim financial statements and other financial information included in the Interim Period Reports do not contain any untrue statement of a material fact nor do they omit a material fact necessary in order to make the statements made therein, in light of the circumstances under which such statements were made, misleading with respect to the period covered by the reports.
3. Based on my knowledge, the interim financial statements and other financial information included in the Interim Period Reports, fairly present in all material respects, the financial condition, results of operations and cash flows of the Corporation as of the dates and for the periods presented in the reports.
4. Based on my most recent evaluation regarding internal control over financial reporting and disclosure, I have disclosed to the Corporation's Auditors, Board of Directors and the Corporation's Audit Committee and Financial Statements Committee:
   a. All significant deficiencies and material weaknesses in the establishment or operation of internal control over financial reporting and disclosure insofar as such refers to the Interim Period Reports and the other financial information recorded therein, which may reasonably adversely affect the Corporation's ability to collect, process, summarize or report financial data so as to cast doubt on the reliability of financial report and the preparation of financial statements in accordance with law; and
   b. Any fraud, whether or not material, that involves the CEO or anyone directly subordinated to the CEO or that involves other employees who have a significant role in internal control over financial reporting and disclosure.
5. I, alone or together with others in the Corporation:
   a. Have established such controls and procedures, or have confirmed the establishment and existence of such controls and procedures to be designed under our supervision, so as to ensure that material information relating to the Corporation, including its consolidated corporations as defined in the Securities Regulation (Annual Financial Statements) 5770 - 2010, is made known to me by others in the Corporation and the consolidated corporations, particularly during the course of the period wherein the Reports are being prepared; and
   b. Have established such controls and procedures, or confirmed the establishment and existence of such controls and procedures under my supervision, so as to ensure reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements in accordance with the law, including in accordance with generally accepted accounting principles; and
   c. No event or matter has been brought to my attention which occurred during the course of the period between the date of the last report (quarterly or periodic, as the case may be) and the date of this report that relates to the interim financial statements and any other financial information that is included in the interim period reports, that would change the conclusion of the Board of Directors and the Management with respect to the effectiveness of the internal auditing of the Corporation's financial reporting and disclosure.

Nothing in the aforesaid derogates from my responsibility or from the responsibility of any other individual under the law.
